

Bench Vice with 200 jaw width and fixed base (Heavy Duty Model with SG Iron body)

40031230

Heavy-Duty bench vise in cast steel with 4 different jaw widths is the ideal tool for professional craftsmen, mechanics, machinists, and anyone requiring reliable fastening and durability in their work.

- Available from 100 mm to 200 mm jaw width
- Rotating base can be purchased separately

Features and characteristics:

1. Robust construction: Made of high-quality cast steel, this bench vise is designed to withstand intensive use and wear over time. The solid construction ensures stability and reliability in various working conditions.
2. Heavy-Duty design: This model is engineered to handle heavy loads and demanding tasks. Whether working with metal, wood, or other materials, this bench vise can handle even the most robust workpieces with ease.

Important information: *The manufacturing process on cast steel makes it significantly more resistant and stronger than cast iron.*

Applications:

- Metalworking
- Woodworking
