

ESD Magnifying Lamp "SCORPIO" with Ø178 cm lens and 3D+5D Diopter (1,75X+2,25X) 16W LED light source

15406540

Our new ESD series for effective protection against damage to e.g. components due to electrostatic discharges. The magnifying lamp is made of special ESD-conducting material that prevents static charging. The lamp comes with Ø178 mm 3D lens pre-installed (1.75X magnification) and an extra 5D lens (2.25X magnification) which can be replaced according to work task or need. Supplied with robust table clamp and 1.5 M cable with EU Type C connector.

The flexible arm of 820 mm with 3 joints provides a large working radius and has a strong holding force. The lampshade has a nice, thin design and with the smart "Quick-Change" system, the user can quickly switch between 3D and 5D Diopter.

Application:

A magnifying glass is widely used and is, among other things, ideal for workshops, laboratories, electronics production, model making, beauty salons, dentists, etc. Can also be used for reading for the visually impaired.

- ESD approved
- 3D + 5D diopter in one complete package (3D lens is pre-

Product specifications

Barcode 5708004074915

Correlated color temp. (CCT) 6500K

Product type Magnifying lamp

Magnification (diopter) 3D + 5D (1.75X + 2.25X)

Power consumption 16W

External diameter Ø 272 mm

Lumen output 1600

Color rendering (CRI) 80

Power supply AC 230V

Lens size Ø178 mm

LED diodes 80 SMD (Super Bright)

Gross weight 5.800 kg

Net weight 3.500 kg
