Feeler gauge shim roll 0,01 mm (25 mmx5 M)

10588400

Precision feeler gauge shim roll with a width of 25 mm delivered in a roll of 5 meters. Made of cold rolled, hard spring feeler strip steel of maximum precision. Stored in a practical dispenser from which it can be pulled out like a tape measure. Used for many purposes; for aligning and adjusting machine parts, as a shim for aligning components, any kind of tolerance measurements, checking fits and guides and more.

- Material: Tool steel/Carbon Steel 1.1274
- Available in thickness from 0.01 mm to 1.00 mm as standard. Other thicknesses are available upon request.
