

FLANGE WIZARD Repair Kit w/2 pcs. Vials and 1 tube of sealant

35171065

This handy repair kit will make your Flange Wizard hand tools like new again.

Repair kit makes for easy repairs to your tools without delay.

The package contains a tube of sealant and 2 replacement vials.

How to repair a damaged vial:

Remove the damaged or broken vial. Do this by cutting around the sealant plug and removing all the materials from the machined hole or slot. Place a small amount of sealant in the bottom of the hole or slot and install new vial. Fill remainder of the hole with sealant and wipe away the excess. Let sealant set up over night and your tool is ready to use again.

- Vial size: Ø9.5 × 24.5 mm
