

## NOGA burr Edge Off EO2000 with plastic handle and S10 blade

61120110

NOGA EO2000, small and competitive tool

Small deburring tool in "pen size", with a handy pocket clip which makes it easy to store and bring along. One S10 blade is included, this blade can deburr in materials like aluminum, steel and plastic. All the blades in the "S" series fits to EO2000, which makes it an obvious choice if you need a deburring tool with many different applications.

The "S" blade series consist of 13 different heavy duty blades, which can work in steel, aluminum, plastic, brass, cast iron and stainless steel. The blades are designed in different forms, so it is possible to work in everything from small holes, deep holes, straight edges, curved edges to cross holes.

- Holds all S-blades (3.2 mm)
- one S10 blade included, suitable for steel, aluminum and plastic
- Plastic handle with a practical pocket clip
