

NOGA Rapid Burr RB1400 with plastic handle and S10 blade

61120130

NOGA deburr for plastic and hard materials

The RB1400 deburring toll makes it possible to work in plastic and hard materials. The handle is made from plastic and comes with a S100 blade with cobalt, which makes it extra strong and effective in hard materials. The blades can easily be replaced, and the handle fits to all the "s" blades, so it is possible to adjust the deburr, so it fits the exact need.

The "S" blade series consist of 26 different heavy duty blades, which can work in steel, aluminum, plastic, brass, cast iron and stainless steel. The blades are designed in different forms, so it is possible to work in everything from small holes, deep holes, straight edges, curved edges to cross holes.

- Plastic handle
- Fits all S klingers (3.2 mm)
- Replaceable blades
- Including S100 blade

Product details

Item no. 61120130

EAN
