

NOGA hole deburrer NG3100 with C20 blade HSS (62-64Rc)

61130200

NOGA NG3100 countersink

A standard tool for countersinking. NG3100 has a telescopic countersink holder, which makes it very useful for chamfering deep holes. The handle is made of plastic, with a rubber coating and designed for maximum comfort in your hand. Spare blades can be held inside the handle. The countersink is made in H.S.S: and has a range on 3-20 mm.

- For deburring deep holes.
- With telescopically extendable (6-80 mm) countersink holder.
- NG3000 handle, holds all blade holders
- With replaceable countersink head of HSS.
- Supplied with Ø 20 mm countersink head.

Including C20 countersink (BC2011), C telescope holder (CH3000), NG-3 handle (NG3000)
