

NOGA DB1000 DOUBLE sheet metal deburrer with 2xHSS blades

61135140

NOGA DB1000 double edge cutting

Simultaneously removes burrs from both sides of sheet metal. Handle with safety guard to protect your hand. Unique round cutting blades can be steplessly adjusted to thicknesses up to 10 mm, they can be rotated and reversed for long life. For corners, we recommend using only one blade

- Plastic handle with finger protection.
- Works best in sheet metal
- Comes complete with two replaceable double-sided klingen in HSS
