

Headlight "Q2" with focus and sensor

50620280

"Q2" is a headlight in a simple, clean but powerful design to resist harsh shocks and is suitable for both everyday use and for work. The headlight has XP-G2 Cree White LED - High (up to 320 lm), Medium (145 lm), Low (18 lm) and 2Hz flash. The headlight has focus control by twisting lens ring and intelligent motion sensor remote control.

Lumen can be controlled remotely from 100%-5%. Furthermore, the light can be angled freely in 85° which allows the light to be focused to the work area.

NB. The headlight is also able to run on rechargeable battery (art. 50620285).

Delivered in blister and incl. headband. Battery: 3x AAA included.

- Multiple lighting modes: 20-320 lm, flash and 5-100% in sensor mode
- IP64 classification
- Simple, clean and powerful design
- XP-G2 Cree White LED
- Focus control and sensor mode
- Adjustable projection angle 85°
- Incl. headband
- Runs on both Alkaline and rechargeable battery
