

IP68 bench scale capacity 3 kg / Readability 1g with stainless steel housing

18560280

We present a bestseller in stainless steel table scales! Robust and waterproof table scale with 3 kg/division 1gr.

With its IP68 rating, the table scale can withstand some of the harshest environments and is subsequently washed completely clean when the day is over. The IP68 rating makes the scale ideal for use in bakeries, breweries, the fishing industry and in other wet, humid or dusty environments.

The table scale shell is made of stainless steel and is equipped with an internal rechargeable battery, with at least 30 hours of continuous use. The table scale also contains a standard power supply, which can be stored inside a small space under the scale. The table scale has a very clear and distinct red LED digital display both front and rear. The scale can also be used as a counter scale and for control weighing via a high / low control function.

The scale's powerful, durable and waterproof design combined with weighing, counting and control function means that the scale can be used as a kitchen scale, package scale, laboratory scale, etc. and provides incredible value for money. The high accuracy, clear screen and the fact that it can be thoroughly cleaned after use means that this table weight is the obvious choice for most tasks.

Product details	
Item no.	18560280
EAN	5708004058694
Customs tariff	8423822000
Sales Quantity	1
Product specifications	
Barcode	5708004058694
Battery	1xRechargeable battery 6V4.5AH
Width	235 mm
Customs tariff	8423822000
Display type	LED display / red color)
Height	115 mm
Length	285 mm
Readability	1 g
Product name	IP68 Table weight 3 kg / division 1g with stainless steel cabinet
Product type	Table scale
Cabinet / Housing	Stainless steel
Capacity	3 kg
Minimum weight	20 g
Pan size	225x190 mm
Brand name	Diesella
Gross weight	4.000 kg
Net weight	3.600 kg
