

LED Magnifying lamp "SIRIUS" with 19x16 cm glass lens and 3D diopter (1,75X)

15406195

One of our Best-Sellers. A professional LED magnifying lamp with EXTRA LARGE viewing field of 19 x 16 cm, 3 diopter glass lens (= 1.75X magnification) and 6300K color temperature.

The flexible arm of 900 mm with 3 joints gives a large working radius. The lampshade is with a thinner design and wider glass lens than many other traditional lamps and therefore gives the user an increased field of view.

Ideal for: The lamp can be used in many places, it is especially ideal for workshops, laboratories, model making, beauty salons, dentists etc. Can also be used for reading for the visually impaired.

Also available as a model with 5 diopters.

- 3D diopter which gives 1.75X magnification
- Lens diameter: 190 x 160 mm
- Outside diameter of lamp: 270 x 250 mm
- 60 pcs. Super Bright SMD LEDs
- Swivel range: $\pm 80^\circ$
- Integrated lens protection cover
- Height: 800 mm
- LED Light Color: Classic White
- Color temperature: 6300 Kelvin
- Color rendering: 80 Ra
- Energy class: F

Product details

Item no. 15406195

Customs tariff 9405214000

Sales Quantity 1

Product specifications

Barcode 5708004050209

Product type Magnifying lamp

Magnification (diopter) 3D (1,75X magnification)

Power consumption 10W

External diameter \varnothing 270x250 mm

Lumen output 750 Lm

Model SIRIUS

Color rendering (CRI) >80

Power supply AC 230V

Lens size 190x160 mm

LED diodes 60 SMD (Super Bright)

Gross weight 4.200 kg

Net weight 3.600 kg
