

Profile contour gauge set with 5 units and metering rule

10599145

The profiler is a 20 cm. long measuring tool, which can be extended to any desired length by attaching further profiles.

This means, that the user can transfer contours with the utmost accuracy and saving of time. The created shape can be saved and preserved in the included box.

The set includes:

This box includes 5 profilers each 20 cm long, and gives you a measuring range of 100 cm.

- For measuring and checking profiles
- Round pins made of stainless steel
- Profile length: 20 cm
- Active length: 100 cm
- Height 83 mm
- 4 mm from bottom to pin
- Angle rail included
