

Rackbox 1.0 (ESD) 100x100x60 mm

52125405

This ESD storage box (Electrostatic Discharge) is made of special plastic, to which conductive soot is added during production. This makes the boxes conductive and thus prevents the charging of electrostatic electricity in connection with friction.

Robust, shatterproof and flexible storage box. Made of 100% recyclable polypropylene in industrial quality, which ensures high load-bearing and load capacity. Designed with floor knobs for easier removal e.g. small items. The practical opening ensures a quick and easy overview. It is also possible to attach a label to the pre-molded label holder.

Labels are not included, but can be ordered on Diesella art 52125710.

- Not food approved
- 100% recyclable material
- Robust and flexible
- Industrial quality
- High load-bearing and load capacity
- Raises at the bottom for easier collection of small items
- Stackable
- Temperature resistant +60°C to -10°C

Product details	
Item no.	52125405
EAN	4250979901679
Customs tariff	39231010
Sales Quantity	1

Product specifications	
Barcode	4250979901679
Width	100 mm
Color	Black (ESD)
Food approved	No
Height	60 mm
Length	100 mm
Temperature resistant	+60°C to -10°C
Gross weight	0.050 kg
Net weight	0.050 kg
