Roughness Studio - Premium App Software license for LITESURF roughness tester

15216195

Roughness Studio is a premium app software license designed to measure surface roughness. The app has been specially developed to work with LITESURF roughness meters and it allows users to obtain accurate and reliable measurements of surface roughness.

This premium app software license is ideal for businesses and professionals who need accurate and reliable measurements of surface roughness and want to use the latest technology to achieve the best results.

- Create and save measurement profiles
- Export measurement data in various formats, including CSV and PDF
- Possibility for calculation of parameters such as Ra, Rz and Rq, which are commonly used in industry to characterize the roughness of surfaces.
