

SHINE 6000X-HD Prepared for AIR - Welding helmet with True Colour ADF 1/1/1/1 and prepared for PAPR

32304145

The SHINE 6000X-HD is built for professionals who want maximum visibility, top optical performance and fast access to preferred settings. With True Colour technology and a large auto-darkening filter, it delivers a wide, clear view for welding, cutting and grinding tasks.

“Prepared for Air” means the helmet is configured for use with a compatible SHINE PAPR system via air duct and hose.

Note: PAPR unit, hose, belt/harness and filters are not included and must be ordered separately.

Key features

- Optical class: 1/1/1/1
