

SHINE SPARX Single Inner Visor Shade 3 Lens

32314500

The SHINE SPARX Single Inner Visor Shade 3 Lens is an inner polycarbonate lens made for the SHINE SPARX Single welding mask. With a DIN 3 shade, it sits between very light and darker options, giving a useful balance of glare reduction and clear sight for selected welding related tasks. A solid replacement option for SPARX Single users who want a slightly darker inner visor without sacrificing visibility.

Key features

- **Compatibility:** Designed specifically for the SHINE SPARX Single system
- **Shade level:** DIN 3, a practical mid shade for work where you want more reduction than DIN 2 while maintaining good visibility
- **Material:** Durable, impact resistant polycarbonate to help protect against sparks and flying particles
