

SHINE SPARX Single multi purpose grinding, cutting and welding helmet with a modular visor system

32302105

The SHINE SPARX Single is a rugged passive helmet for grinding, cutting and welding, built around a modular visor system with interchangeable inner and outer visors. For welding, you can combine the inner visor with the flip up outer visor to reach the DIN shade that fits the job. The clear open view also makes it a strong choice for grinding and tasks where you want maximum visibility.

Key features

- Modular visor system with interchangeable polycarbonate visors (consumable parts)
- Inner visor options: Clear (DIN 1), DIN 2, DIN 3, DIN 5
- Outer visor options: DIN 5 and DIN 8, used with the flip up clip
- Approvals listed to EN166 and EN169, plus impact rating EN175B / EN166B
- HG2002 headgear with 3 point adjustment and push and twist ratchet

Included as standard

- SHINE SPARX Single helmet
