

Shore A Test Blocks set 7 pcs.

15250150

The kit consists of color coded test blocks, for non metallic materials.

- Purple 32
- Claret 39
- Green 52
- Orange 61
- Red 71
- Yellow 80
- Gray 88

Note: The side with "HA" mark is the standard detected side.

The indicated readings are derived from an average of 6 readings taken with our standard durometer calibrated regularly. For periodic verification of calibration accuracy, take an average of 3 readings in different spots on each test block. The result should be approximate to those shown.

Note: Applies to non-metallic materials only.
