

Storagebox ESD 400B (BLACK) 400x183x81 mm

52126470

This ESD storage box (Electrostatic Discharge) is made of special plastic, to which conductive soot is added during production. This makes the boxes conductive and thus prevents the charging of electrostatic electricity in connection with friction.

Robust, shatterproof and flexible storage box. Made of 100% recyclable polypropylene in industrial quality, which ensures high load-bearing and load capacity.

Designed with floor knobs for easier removal e.g. small items. The practical opening ensures a quick and easy overview. It is also possible to attach a label to the pre-molded label holder.

Labels, partitions and label protective foil are not included, but can be revised on these issues: Label Diesella art. 52126815
Room Divider Diesella art. 52126892 Label protective Foil Diesella art. 52126855.

- Not food approved
- Conductive and thus prevents charging of electrostatic electricity
- 100% recyclable material
- Robust and flexible
- Industrial quality
- High load-bearing and load capacity
- Raises at the bottom for easier collection of small items
- Stackable
- Temperature resistant +60°C to -10°C

Product details

Item no.	52126470
EAN	4250979900771
Customs tariff	39231010
Sales Quantity	1

Product specifications

Barcode	4250979900771
Width	183 mm
Color	Black (ESD)
Food approved	No
Height	81 mm
Length	300 mm
Temperature resistant	+60°C to -10°C
Gross weight	0.400 kg
Net weight	0.360 kg
