

Weighing Scale 3|6 kg x 1|2 g (e = 1|2g) with 230x190 mm platform and rechargeable battery

18560405M

This simple bench scale is designed for professional environments that demand accuracy and functionality. The scale is available in capacities from 3 kg up to 30 kg with graduation settings of 15000d and 3000e respectively.

The compact design with a weighing plate of 204x263 mm makes it easy to integrate into and at workstations without taking up unnecessary space. The display has 25 mm large digits with white LED side lighting, which ensures good readability in different lighting conditions.

Operation is intuitive with two soft membrane keys, and the built-in 6V/3.2 Ah lead-acid battery provides up to 60 hours of continuous operation, perfect for mobile applications.

- Powerful flexibility: Capacities from 3 kg to 30 kg with respectively 15000d and 3000e graduations for optimal precision
- User-friendly display: Bright LED-illuminated display ensures good readings in all environments
- Long battery life: Up to 60 hours of operation without constant power supply

Important notice: The scale is equipped with e-division and is
